<b>Q: I'm a Token Flex customer, does this impact my consumption? .....</b>	<b>4</b>
<b>Q: I also have Autodesk Drive, does anything happen to that? .....</b>	<b>4</b>

### **Q: What if I'm on a monthly subscription?**

Monthly subscriptions are similarly impacted, effective immediately, any new users will require a subscription. Existing users invited to your projects prior to March 20<sup>th</sup> 2017 can continue accessing the product without a subscription as long as you continue to renew your monthly subscription until January 31<sup>st</sup> 2018.

### **Q: What if I remove a current project contributor, can I replace them with another before January 31<sup>st</sup> 2018 without paying for a subscription?**

No, all new users require a subscription.

**Q: What happens after January 31<sup>st</sup> 2018?**

Leading up to January 31<sup>st</sup> we recommend engaging with your Named Accounts Sales Team or preferred reseller to discuss the level of usage need you have and understand your subscription options. After January 31<sup>st</sup>, 2018 any unpaid usage will be considered in violation of the terms of service.

**Q: Will this affect the share view feature?**

The share view link feature is not impacted by this change, models can still be shared with non-subscribers, however all logged in functionality will require a subscription.

**Q: I'm a Token Flex customer, does this impact my consumption? What about other Enterprise Business Agreements?**

No, Token Flex customers are not impacted at this time, your consumption will continue to be calculated in the same way it is today. Other Enterprise Business Agreements that include Fusion Team are also not impacted at this time.

**Q: I also have Autodesk Drive, does anything happen to that?**

No, Autodesk® Drive is not impacted by this change.
